

Metro Wastewater Reclamation District
Environmental Management System for Biosolids

Element 10: Wastewater Treatment & Solids Processing (BVC) – South Secondary Treatment (CCP) – Table

Revision: 06	Revision Date: 06/24/09	Approved By:
--------------	-------------------------	--------------

PURPOSE

To provide secondary treatment for wastewater flows and to transfer the solids to the solids processing operations.

SCOPE

This procedure provides for effective operation and maintenance of the South secondary treatment unit processes.
